

Emil Aguirre Herrera

IT SUPPORT SPECIALIST • COMP TIA NETWORK+ • MICROSOFT AZURE FUNDAMENTALS

Austin, AR • (501) 628-7660 • emilagui01@gmail.com • [linkedin.com/in/emilagui01](https://www.linkedin.com/in/emilagui01) • github.com/emilagui01

Summary

Computer Science graduate holding CompTIA Network+ and Microsoft Azure Fundamentals (AZ-900) certifications, with hands-on Windows Server, Active Directory, PowerShell automation, and Linux help desk administration from three documented home labs and nine years of customer-facing experience, including team leadership and new-hire training. Experienced diagnosing hardware, connectivity, and end-user issues. Seeking an entry-level help desk or desktop support role.

Certifications

Microsoft Certified: Azure Fundamentals (AZ-900) • *Earned September 2026*

CompTIA Network+ • *Earned August 2026*

CompTIA Security+ • In progress • *Target: December 2026*

Technical Skills

Operating Systems — Windows 10/11, Windows Server 2022, Linux (Ubuntu Server)

Systems Administration — Active Directory (users, groups, OUs), Group Policy, DNS, DHCP, file shares and NTFS permissions, Hyper-V, PowerShell scripting and AD automation, Apache, MariaDB, LDAP, SSH

Networking — TCP/IP, DNS, DHCP, subnetting, VLANs, routers and switches, Wi-Fi troubleshooting, VPN fundamentals

Cloud — Microsoft Azure core services, identity and access (Microsoft Entra ID), management and governance

Support — Ticketing (osTicket), SLA tracking, Tier 1 to Tier 2 escalation, knowledge base articles, account lockouts and password resets, hardware and POS troubleshooting

Programming & Web — Python, Java, C++, JavaScript, SQL, HTML/CSS, Angular, Node.js, Express, MongoDB, Git

Technical Projects

Windows Server 2022 Active Directory Home Lab • emilagui01.github.io/ad-homelab

- Built a Hyper-V Windows domain (AD DS, DNS, DHCP, OUs, security groups, domain-joined Windows 11 client) with Group Policy for drive mapping, Control Panel restrictions, and Remote Desktop access by group.
- Resolved account lockouts (traced to the source device with event ID 4740), password resets, disabled accounts, and policies not applying (gpresult).

Help Desk Ticketing System Lab • emilagui01.github.io/helpdesk-lab

- Deployed osTicket on Ubuntu Server 24.04 (Apache, MariaDB, PHP) administered over SSH, and connected it to Active Directory over LDAP with a least-privilege service account.
- Configured SLA tiers, Tier 1 and Tier 2 departments, auto-routing help topics, and role-based agent access; worked tickets through escalation and wrote knowledge base articles and canned responses.

PowerShell Automation Lab • emilagui01.github.io/powershell-automation-lab

- Wrote PowerShell scripts for the AD account lifecycle: bulk onboarding from CSV (OUs, groups, home folders with NTFS permissions), offboarding that disables and archives instead of deleting, and an HTML account health report.
- Added -WhatIf previews, duplicate checks, error handling, and audit logs; ran each change from an osTicket ticket and stamped its number on the AD account.

CS-499 Capstone ePortfolio • SNHU • emilagui01.github.io/capstone — Enhanced a MEAN-stack travel app (JWT auth, validation) and a C++ course planner (hash table lookup).

Professional Experience

Manager / Server — Jose's Compadre Mexican Grill, North Little Rock, AR • *July 2017 – Present*

- Supervise a team of 8 employees during peak volume, coordinating responsibilities to keep service running.
- Train and onboard 13 new employees on service standards, daily procedures, and point-of-sale systems.
- Administer the Toast POS system (employee accounts, role permissions, menu configuration); troubleshoot terminals, receipt printers, card readers, and network connectivity, escalating vendor-side issues to Toast support.
- Resolve and de-escalate customer complaints while keeping a positive guest experience under pressure.

Education

B.S. Computer Science — Southern New Hampshire University • *June 2026* • GPA 3.94 • President's List • Honor Roll (12 terms)

A.S. Liberal Arts and Sciences — Arkansas State University–Beebe, Beebe, AR • *May 2022*
