Networking — TCP/IP, DNS, DHCP, subnetting, VLANs, routers and switches, Wi-Fi troubleshooting, VPN fundamentals

Cloud — Microsoft Azure: cloud concepts, core architecture and services, identity and access (Microsoft Entra ID), management and governance, cost management

Administration & Support — Hardware and peripheral troubleshooting, POS and payment terminal support, end-user support, technical documentation

Programming & Web — Python, Java, C++, JavaScript, SQL, HTML/CSS, Angular, Node.js, Express, MongoDB, Git

Professional — Customer service, team leadership, training and onboarding, clear written and verbal communication

Technical Projects

CS-499 Capstone ePortfolio • *Graded capstone, SNHU • emilagui01.github.io*

- Enhanced and documented three artifacts: a MEAN-stack travel booking application (Angular route guards, JWT authentication, form validation, safer CRUD, hardened Mongoose schemas) and a C++ course planner (added a hash table alongside vector storage for faster lookup).
- Published as a GitHub Pages site with per-artifact writeups, setup instructions, and test procedures.

Professional Experience

Manager / Server — Jose's Compadre Mexican Grill, North Little Rock, AR • *July 2017 – Present*

- Supervise a team of 8 employees during peak volume, coordinating responsibilities to keep service running.
- Train and onboard 13 new employees on service standards, daily procedures, and point-of-sale systems.
- Troubleshoot point-of-sale terminals, receipt printers, card readers, and network connectivity to restore service quickly.
- Resolve and de-escalate customer complaints professionally while maintaining a positive guest experience under pressure.

Education

B.S. Computer Science — Southern New Hampshire University, Manchester, NH • *June 2026*

GPA 3.94 • President's List • Honor Roll (12 terms)

A.S. Liberal Arts and Sciences — Arkansas State University-Beebe, Beebe, AR • *May 2022*
